NOV

6:00PM - 7:00PM

In this final installment of this five-part climate resilience series we will hear an update on the Action 15 Resilience Hubs Network project and learn about next steps for work happening on O'ahu. As part of the presentation we will share the final Action 15 Report that will be included in the Multi-hazard Mitigation Pre-disaster plan that will be used by the City and County of Honolulu as well as HI-EMA to guide future development of a network of hubs on O'ahu.
